Year 1 yearly overview 2020 2021

This document is to be used as a guide to highlight the learning and focus for each week. They follow the mapping of Maths No Problem. Our mastery based approach allows for this overview to be flexible as we follow the learning of the children. If concepts need more time to be mastered, staff should use their judgement to prioritise these small steps for learning before moving onto new content.

Year 2 yearly overview 2020 2021

This document is to be used as a guide to highlight the learning and focus for each week. In light of School closure in 2019/2020, this document has been mapped to ensure children revisit content that was missed from year 1 to ensure understanding is mastered before moving onto Year 2 content (more details can be found in the Maths Gaps in Learning Overview). They follow the mapping of Maths No Problem. Our mastery based approach allows for this overview to be flexible as we follow the learning of the children. If concepts need more time to be mastered, staff should use their judgement to prioritise these small steps for learning before moving onto new content.
